**“ARJUN IS LEARNING COMPUTERS IN SCHOOL, AND WE ALSO HAVE A COMPUTER AT HOME. BUT THAT DIDN'T STOP ME FROM SENDING HIM TO E-KIDS!”**

## **E-KIDS**

This course has been researched to the last detail by a panel of experts. It covers wider range of technologies, from spreadsheets to Multimedia and what not. My son can learn so much here. With the home PC, he'll become an expert at playing games. But I'd like him to do something more, besides.
